## TURKISH CHIEFS ASK ACCESS TO THRACE VIA CONSTANTINOPLE

**Allies Insist Forces Must be Transferred by Way of Rodosto; Conference at Deadlock**  
**COMMANDER OF U. S. SHIPS CONFERS WITH ALLIED CHIEFS**  
**Americans to Protect U. S. Interests and Help in Relief Work**

CONSTANTINOPLE, (By The Associated Press).—The allied generals and Turkish nationalists are still at loggerheads over the route to be taken by the Turkish gendarmes in their occupation of Eastern Thrace. Rafei Pasha, the new military governor of Thrace, at a lengthy conference with the allied chiefs Monday, urged that the gendarmes be permitted to go through Constantinople, but was told that the bulk of the forces must enter Thrace by way of Rodosto.

Rafei Pasha is being entertained by the allied high commissioners during his stay here. He plans to leave for Thrace on Saturday. With Shukur Bey, the new civil governor of Thrace, he is considering numerous applications for employment from Turks desiring to participate in the government of the province. While all the most important offices will be filled by men appointed by the Ankara government, the subordinate positions will be largely occupied by Turks from Constantinople. All gendarmes with the exception of a small force here, are now embarked from the allies to embark for Thrace.

**Americans Neutral**  
Rear Admiral Bristol conferred Monday with the commanders of the twelve newly arrived American destroyers confining the near eastern situation and advising them of the position of the navy there. He explained that the American forces must maintain complete neutrality and devote their energies to humanitarian work and protection of American property.

The allied high commissioners and Admiral Bristol discussed the evacuation of Eastern Thrace and the refugee problem at a two-hour meeting Monday. They dealt largely with plans for evacuation through the Black Sea and Macedonia ports of some 200,000 persons.

Colonel Toulard, representing the League of Nations, who has just returned from Rodosto, reported that the situation was seriously affected by the lack of shipping, he added. The exodus has assumed enormous proportions.

**Acclaim Turk Governor**  
CONSTANTINOPLE.—By The Associated Press.—The foreign quarter and non-foreign districts of Constantinople spent a restless night owing to the celebrations in connection with the Turkish revolution. In connection with the public reception of Rafei Pasha, military governor of Eastern Thrace and his gendarmes.

Heavy explosions of fireworks were audible in all sections, giving rise to the fear that the demonstration might develop at any moment into a more serious affair. The allied police were largely reinforced and the night passed without any serious incident, although the high state of tension continued until almost daybreak.

**ISSUE STORM WARNING**  
WASHINGTON.—A southwest storm warning for the upper lake day by the Chicago weather bureau with prediction of strong winds and possibly rain for the next 24 hours.

## WOMEN INVOLVED IN MOST OF COUNTRY'S TRAGEDIES; KIPLING ASSERTION UPHELD?

CHICAGO, Ill.—Nearly all the tragedies which stand out as dramatic spectacles in the news of America today present women in the leading roles. They have their settings in six sections of the country.

Six sensational murder cases, five with women as defendants, are in various stages of trial. Another woman, "Peggy" Real, won her freedom from a jury in Kansas City last night and a seventh, Madeline Chenbain, awaits her third trial in Los Angeles.

Most of the cases present the "eternal triangle" with variations. Briefly, some of the cases appear as follows: Los Angeles.—Arthur Burch of Evanston, Ill., faces his third trial on a charge of killing J. B. Keane. Eight women and four men constitute the jury with two women as alternate jurors. Madeline Chenbain awaits her third trial on the same charge.

Los Angeles.—The jury to try Mrs. Clara Phillips accused of beating Mrs. Alberta Meadows to death with a hammer, was tentatively completed. Mrs. Meadows was the alleged rival for the love of Mrs. Phillips' husband.

Philadelphia.—Mrs. Catherine Rosier, accused of killing her husband, Oscar Rosier, and his stenographer, Madeline Beckitt, faced trial for the murder of Miss Beckitt.

Hackensack, N. J.—George Cline, motion picture director; Alice Thornton and Charles Scullion, brother-in-law of Cline, were on joint trial for the murder of John Bergen, motion picture actor. The defense began its testimony Tuesday.

Cleveland.—Mrs. Mabel Chapman, 22, is on trial for the alleged slaying of Thomas O'Connell, carnival promoter.

White Cloud, Mich.—Mrs. Meda Hodell, on trial for killing her father-in-law, David Hodell, with poison, repudiated her previous confession, declaring the confession was obtained by threats of being haunted by the spirits of her father-in-law and her husband, Romie Hodell.

Twelve killed in highway accidents during September. Reports show 64 out of 198 of mishaps were caused by reckless driving.

**ARMY TO DEVELOP CURTISS MACHINES AS PURSUIT PLANES**  
MOUNT CLEMENS, Mich.—The Curtiss army biplanes which finished in the first four positions in the Pulitzer trophy race are to be developed by the army as the standard pursuit plane, according to officers of the first pursuit group stationed at Selfridge field near here. The racers which broke all speed records during the recent meet, are being packed for shipment to Dayton for further tests at the army engineering field.

## ANOTHER AUTO IS STOLEN ON NORTH SIDE; RECOVERED

Cecil Groves' Ford Touring Car Taken But Recovered Monday Night

The mysterious and elusive meddler with other people's automobiles was again at his work Monday night. It is reported that over a dozen cars in the city, chiefly on the north side have been taken out for a "joy ride" and abandoned in another part of the city within the last month or six weeks.

Monday night Cecil Groves' Ford touring car fell victim to a chasing around the block by the meddler. It had been parked near Caledonia and St. Paul streets, while Mrs. Groves stopped at the millinery store at 1220 Caledonia street. Search in the immediate vicinity resulted in locating the car at Gillette and Rose streets within a short time after it was stolen.

Not only have cars been taken and driven short distances, but automobiles, parked near St. Paul and Caledonia streets, while their owners are attending the Riviera theater, have offered comfortable "spooning" resorts for young couples, according to complaints coming in to Central police station.

**MICHIGAN "EARL" ON TRIAL FOR SECURING CASH THROUGH FRAUD**  
CHARLEVOIX, Mich.—The trial of A. J. Greig, self-styled "Earl of DuSable," was under way in circuit court here Tuesday.

Greig faces a charge of charge of obtaining money through false pretenses in the organization and alleged wrecking of the Title Guaranty and Casualty company which is now in the hands of the state insurance commissioner.

Many residents of northern Michigan invested in the concern. State officials have estimated their losses will amount to tens of thousands of dollars.

The attorney general's department, the state securities commission and the insurance commissioner are to aid local authorities in the case. The "Earl of DuSable" has been in jail here since he was brought back from Montreal several months ago. He insists that he is a member of a titled Scotch family.

**WIFE NAGS HIM SO REUBEN SELBO FILES SUIT FOR A DIVORCE**  
Reuben Selbo, street car conductor, claims he is tired of being nagged by his wife, Christina, and is seeking a divorce. Complaint on the action was filed by Fred H. Hartwell, attorney, in circuit court. They were married in La Crosse, July 21, 1919, and shortly thereafter Selbo bought a house at 1617 South Tenth street. But his wife refuses to live in the house, he alleges, preferring to live with her mother or his mother. Mrs. Selbo also insists that Selbo turn over all his earnings to her and flies into a violent rage if he doesn't. The complaint states. Also Selbo says his wife nags him. Mrs. Selbo has not filed an answer to the suit.

**MEWING OF KITTEN PREVENTS ESCAPE OF JAIL INMATES**  
HITCHINSON, Kan.—The mewling of a kitten probably prevented the escape of the prisoners held in the Reno county jail here Tuesday. Released after a summary inspection, Jailer Bennett had busied himself in the boiler room when he was attracted by the cries of the kitten in a corner. Going to rescue it, he heard tappings above him which directed his attention to a large hole which prisoners were making in the wall.

## THE NEW BRITISH PREMIER

ANDREW BONAR LAW, Unionist leader who succeeds David Lloyd George as prime minister of Great Britain, is the first man born outside of the British Isles to become premier. He was born in New Brunswick, Canada, but lived most of his life in Scotland.

Bonar Law was government leader in Commons from 1916 until he retired from politics last year owing to poor health. He was chancellor of the exchequer the last two years of the war in Lloyd George's coalition cabinet.

**WOMAN LYING IN WAIT FOR HARVEST THIEVES WITNESS OF JERSEY CHURCH COUPLE**  
NEW BRUNSWICK, N. J.—By The Associated Press.—The name of the woman reputed to have witnessed the double murder of the Rev. Edward Hall and his choir singer, Mrs. Eleanor R. Mills, Tuesday became known.

She is Mrs. Jane Gibson, a widow, who with her son, conducts a sixty acre farm on Hamilton road in a sparsely settled section several miles from here.

Before harvest time her fields were frequently entered at night and robbed. Shortly before the double murder she decided to end this thievery. Each night she lay in wait. Nearby was tethered a saddled mule for purpose of pursuit.

The night of the murder she was said to have told investigators, she saw in a field the dim outlines of two men and two women. She became curious, halted her mule and watched. There was a moment of loud talking, the sound of a pistol shot, a streak of flame and one of the men fell. Then a moment later four more shots, and one of the women dropped.

The man and the woman stood over the slain couple, the story continues, and the name of the man was spoken in horror by the woman. Mrs. Gibson then was said to have become frightened and to have turned her mule toward home.

**MAN WHO BEAT WIFE TO DEATH IS HELD FOR MANSLAUGHTER**  
FRESNO, Calif.—George T. Harlow, whom a coroner's jury held to have committed "justifiable homicide" when he clubbed his 19-year-old wife to death after he had found her with a young man in their home, early Sunday, will be tried for manslaughter. The district attorney has drawn up a complaint which he expected to file Tuesday.

## BRITISH POLITICAL INTEREST TURNS TO CITY OF GLASGOW

New Premier to Talk in Scottish City Thursday With Lloyd George and Asquith Following

**BONAR LAW'S RE-ELECTION FROM GLASGOW NOT CERTAIN IS CLAIM**  
Will be Opposed by Free Trade Liberal and Labor Candidates

LONDON.—Glasgow will be the chief center of interest in the political situation for the rest of the week. The new premier, Andrew Bonar Law, on Thursday will announce the details of his policy there and forty-eight hours later former Premier Lord George will address a meeting, being accompanied by Sir Robert Hogg, who was his chancellor of the exchequer.

The Times political correspondent emphasizes the importance of the situation in Glasgow which it says is due to the strength of the communist party among the industrial workers, adding that this is largely on account of the reluctance of the Glasgow members of parliament to abandon the coalition. The writer suggests that this position is likely to give impetus to the Scottish home rule movement.

**Re-election in Doubt**  
It is intimated elsewhere that Bonar Law's re-election as a member from a central division of Glasgow is in no-wise certain, and that he will be opposed by Sir George Paish as a free trade liberal in addition to the labor candidate. Former Premier Asquith is to speak in Glasgow next week.

In parts of Great Britain, notably the Lancashire manufacturing towns and Glasgow, there are large resident Irish communities. How they will cast their votes is arousing interest, both here and in Ireland.

The question of Viscountess Astor's position in the Sutton division of Plymouth has been settled by the Central Conservative association declaring her the official conservative candidate, but it is understood that Dr. Hogg will oppose her as well as a labor candidate.

**CLARENCE EVENSON SLAYS A FOX SUNDAY BOUNTY IS IN DOUBT**  
Clarence Evenson, La Crosse, while hunting squirrels last Sunday in the town of Onalaska, shot a fox. Tuesday Evenson went to the county clerk's office to inquire about the bounty. The state statutes, 29.60, fixes the bounty on fox pelts at \$4. At the annual meeting of the county board last fall a resolution was passed, in which the county went on record as being against the payment of bounties on foxes. Evenson is now trying to ascertain whether the county board resolution takes precedent over the state law.

**CONDITION OF MAN INJURED IN AUTO SMASH UNCHANGED**  
The condition of Richard W. Doherty, who suffered a fractured skull when thrown out of an auto in a collision with the car of Jake Pataska Sunday evening on Mormon Coulee road, was reported to be about the same Tuesday morning.

Dr. Severson of the Lutheran hospital staff says that though Doherty's condition is regarded as serious, he has a good chance for recovery. He is able to respond rationally to questions, despite his injury.

**UPPER MICHIGAN SENDS 33 MEN TO DETROIT PRISON**  
IRON MOUNTAIN, Mich.—The Upper Michigan peninsula is Tuesday contributing one of the largest delegations of prisoners ever sent from here at one time to a single prison. Thirty-three men, all recently arrested by federal prohibition officers for selling moonshine, left here last night for Detroit house of correction, where they will serve terms ranging from sixty days to nine months.

**SAVE FUEL**  
It has been figured that domestic users may save 40,000,000 tons by using a shovelful less three times a day.

# HARD WORK IS THE SOLUTION OF UPPER WISCONSIN PROBLEM

State Aid for this and that Won't Build Homes and Clear Land Says Johnson

MADISON, Wis.—Hard work is the one solution for the problems of Upper Wisconsin, Henry Johnson, state treasurer, says on his return from a tour of the northern counties of the state. The state treasurer who himself cut a farm out of the woods in Oconto county 50 years ago believes that the same problems are confronting settlers now as confronted them half a century ago.

"Upper Wisconsin has vast areas suitable for development into a rich farming country but only at the cost of real effort on the part of the settlers," Mr. Johnson said. "State aid for this and that and the other thing, isn't going to build farm homes and clear land for cultivation."

"It seems to me that any settler should be able to go into this undeveloped country and make a home for himself after a few years of hard work. On our trip we saw great stretches of cut-over land waiting to be cleared and put under cultivation."

Mr. Johnson said that the experiences of his trip through the upper counties brought back recollections of his own experiences in clearing a farm home in the Oconto district nearly fifty years ago. He advises settlers of the present that most of their difficulties can be overcome by the same kind of hard work.

"We were a busy lot, living strictly up to the eight hour law, eight in the forenoon and eight in the afternoon," the state treasurer said. "We cleared up our land in the summer and in the winter had plenty of work to do in the woods to earn enough money to tide us over to the next summer's work. We did not have the privilege of banking facilities such as are available now, nor did we undertake to run in debt."

"The early settlers had to blaze the way for roads, surveying and cutting them out, digging the stumps, putting in corduroy and bridges. They did

not have school houses provided by state aid, nor roads built by the county and state. Land was cleared by grubbing, not with dynamite as at present.

"We managed to make our way in the world and I imagine settlers in these northern counties can do the same by hard work."

**U. S. COURT RECESSES**

WASHINGTON, D. C.—The supreme court Monday entered upon an unusual recess of three weeks instead of the customary two and will not sit again until November 13.

White of an egg applied to a burn will exclude the air and prevent inflammation.

## WOMAN WHO KILLED "SHEIK" ACQUITTED OF MURDER CHARGE

KANSAS CITY, Mo.—Marie L. (Peggy) Beal faced life with renewed determination Tuesday. She walked from the criminal court here Monday night, following her acquittal on the charge of the murder of her "perfect lover," Frank W. Anderson.

Leaping to her feet as the verdict was read, Mrs. Beal thanked the jury and asserted: "Now I am going to stay right here in Kansas City and make good. I'm going to send for my little boys in Terre Haute and make a good home for them."

A Mexican land owner recently sold a farm of 6,000,000 acres.

An average baby five months old should weigh fourteen pounds.

Wall street messenger boys wear steel safety boxes chained to them.

**Size of Baby Giraffe**  
The new-born giraffe is six feet long.

## Don't cut CORNS

Don't cut corns or callouses, or fool with corrosive acids. Such methods are dangerous and don't get at the cause.

Dr. Scholl's Zino-pads, new discovery, stop hurting instantly; start healing at once. They protect while they heal! Thin; antiseptic; waterproof. Absolutely safe! Special sizes for corns, callouses and bunions. At druggists and shoe dealers.

**Dr Scholl's Zino-pads**

Put one on—the pain is gone

MITTENS for father, mother, son and daughter AT **SPURGEON'S**

## Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher on the wrapper for over 30 years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but experiments that endanger the health of Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Bloating, allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Bears the Signature of

*Chas. H. Fletcher*

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY.

## VULCANITE ROOFINGS

Vulcanite Self-Spacing Shingles are approved by the National Board of Fire Underwriters.

*This shoulder makes Vulcanite Self-Spacing Shingles storm-tight and more attractive*

YOU can't help but admire a smart, trim roof laid with Vulcanite Self-Spacing Shingles. The self-spacing shoulder assures perfect alignment and leaves an evenly spaced slot between the lower part of the shingles that adds beauty and life to the design.

And more. It seals the roof positively storm-tight and weather-proof. Neither snow, wind nor rain can blow through to the roof boards. The slate surface and asphalt body make Vulcanite Self-Spacing Shingles durable beyond the average life of even the best shingles. They are fire-resisting and not harmed by weather changes.

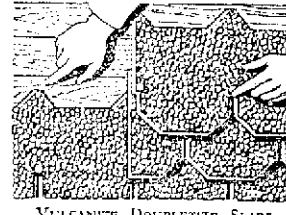

The design of Vulcanite Self-Spacing Shingles is patented. You can't get these advantages in any other individual shingles made.

Be sure you buy from a dealer who handles genuine Vulcanite products. There is a wide range from which to choose—roll roofings, decorative shingles and slab shingles. Colors in natural slate, soft green and Indian red. All are "Beaver Quality" products, identified by the Beaver trademark.

All patented Vulcanite Roofing specialties are made in both jumbo and standard weights.

**VULCANITE ROOFING DIVISION**  
THE BEAVER PRODUCTS COMPANY, Inc., Buffalo, N. Y.  
District Sales Offices at Albany, Cincinnati, Chicago and Kansas City

### Two other Vulcanite Patented Shingles

**VULCANITE DOUBLE-LITE SLABS**  
Notice how the patented triangular projection on each slab underlies the slot in the second course above, giving double thickness everywhere. You cannot get this advantage in any 4-in-1 shingle except genuine Vulcanite Double-Lite Slabs.

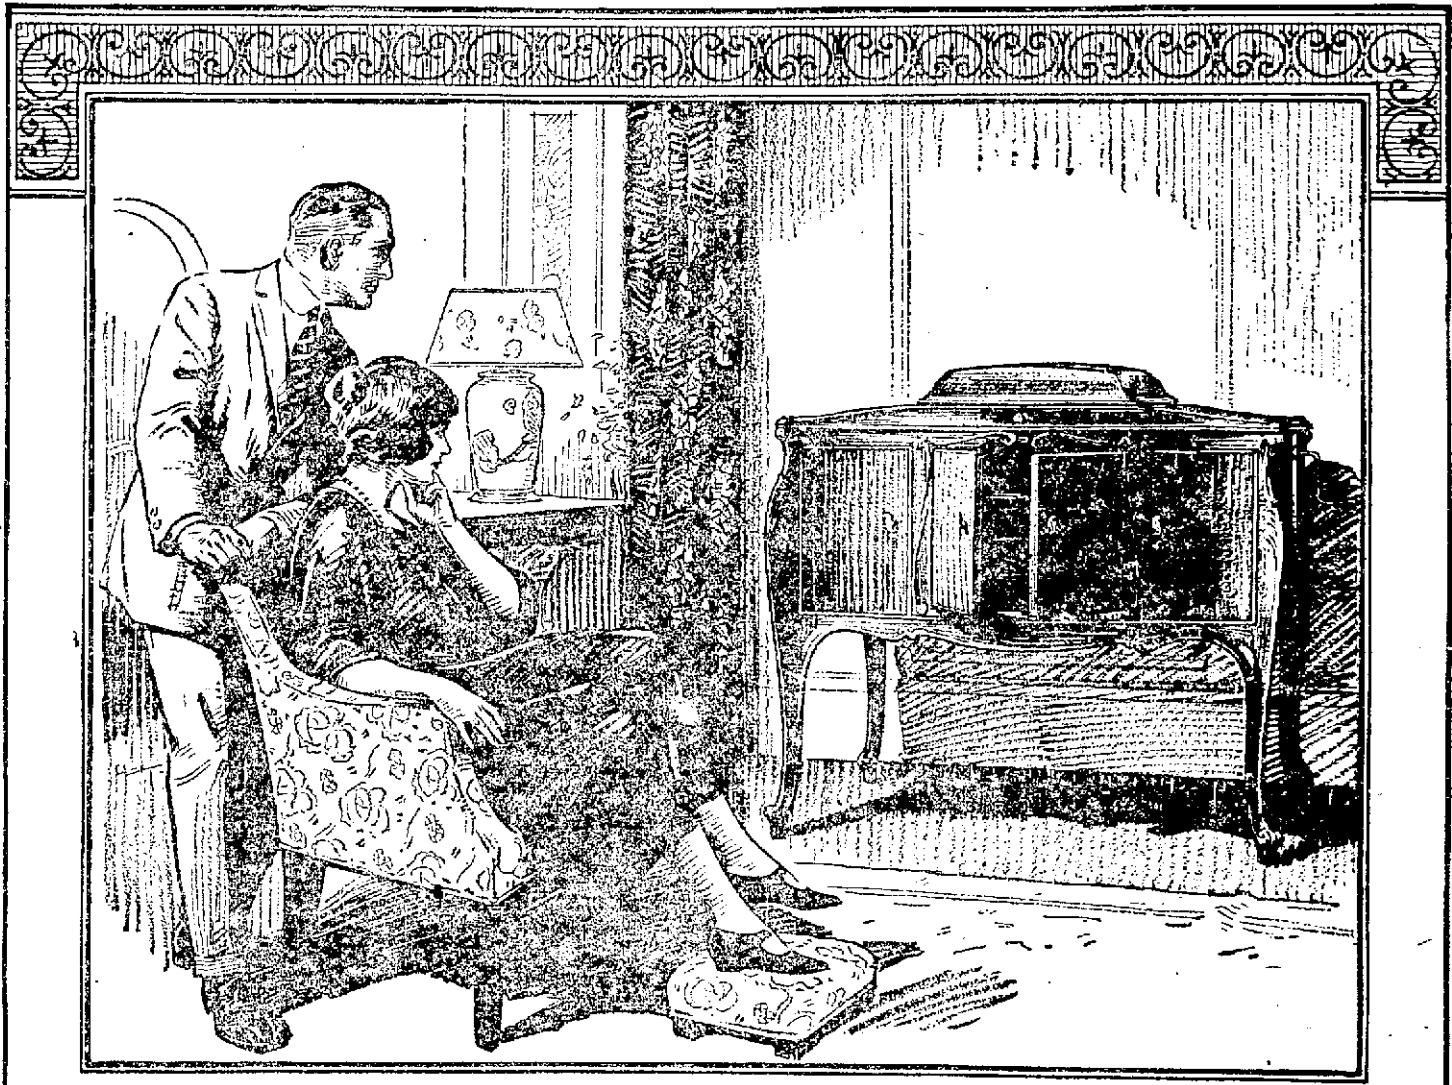

**VULCANITE HEXAGON SLABS**  
The most decorative slate surfaced shingle in the entire Vulcanite line. Attractive design and many advantages patented. Double thick everywhere—easy and economical to apply and fire resisting.

**WARNING**—The patented shoulder is an exclusive feature of Vulcanite Self-Spacing Shingles. It seals the roof in a storm-tight way which no other individual shingle even approaches. Vulcanite Self-Spacing Shingles are made only by the Vulcanite Roofing Division of The Beaver Products Company, Inc. Assure yourself the best roofing by insisting on the genuine, identified by the Beaver trade-mark.

BE STRONG

AND David said to Solomon, his son, be strong, and of good courage; fear not, nor be dismayed; for the Lord, even my God, will be with thee. He will not fail thee nor forsake thee, until thou hast finished all thy work for the service of the house of the Lord.—1 Corinthians 13: 20.

Lyman Abbott

THERE died on Sunday in New York a man who made a considerable success of a unique and valuable experiment. Lyman Abbott edited and published the Outlook to discuss political and civic affairs from a religious and ethical standpoint. One would imagine that in a society so careless of religion as ours, in a community so little concerned with ethics on the average, the Outlook would have proved a dismal and shortlived failure. It was not so. The Outlook did not, it is true become a great organ of compelling influence. But it did prosper, it did steadily gain in circulation and influence, and it did carry weight far beyond its modest size and public.

The difference between what was normally to be expected of a semi-religious, uncompromisingly ethical magazine in American conditions, and what the Outlook was for years, is the measure of the vitality and vision of Lyman Abbott, very largely. And it is a consoling reflection for many who find in contemporary America a lowering of standards and a breaking away from values which have historically been the only sure foundation for civilization and society, to think that this defender of the faith, this ardent champion of Christian ethics and ideals, found a wide and growing following for his sane point of view throughout a long life.

Much of it, of course, must be credited to Lyman Abbott rather than to the society in which he lived. His broad charity, wide grasp and touch with the world of events, gave him a unique place among those with whom the religious point of view is not paramount. Many men were attracted to Mr. Abbott's leadership by some of the numerous other qualities with which he was endowed besides his active and militant Christianity. But his was none the less an ennobling influence because it was often his personality rather than his principles that first drew men to him. From him must have been reflected and radiated upon those about him something of his own clear and serene faith.

So Lyman Abbott leavened the lump of more or less ignoble and thoughtless men and manners of his times. His influence alone was not sufficient to stem the tide, but it may well be thought that in some measure he retarded it. And this at least he did faithfully and well through his life: he held high with no uncompromising or wavering hand the torch of faith and the Christian way of living and thinking, where all could see. One hopes that there will be another hand to grasp it as his fingers loose their hold.

But it Was Murder

A CORONER'S jury in California has exonerated a man who killed his wife when he suddenly came upon indubitable proofs of her infidelity. "Justifiable homicide" was the verdict, but it is reassuring to add that the man has not yet been set free. It is to be hoped that he will not be. Granted that the man had ample grounds for rage and contempt, he is still a murderer, and his offense cannot be excused. There is too much "unwritten law" in the United States. Under this vague code men and women may slay each other with comparative safety by proving that the victim was a disgrace to society. But that is mighty dangerous doctrine, productive annually of a world's record for murders in proportion to population. The community ought sedulously to cultivate the point of view that murder, even sex murder, can never be romantic and sentimentally justified. Law and self-respect provide other exits from ignoble situations. No man or woman who is unfaithful to marriage vows is worth killing and taking the consequences, and the killer in such a situation manifests a dangerous lack of balance. Probably the fact that there are so often no consequences worth mentioning is the reason why there are so many killings. At any rate, a custom of strictly enforcing the law regardless of provocation short of actual self-defense would prove, undoubtedly,

edly, an excellent ballast against the "temporary madness" which so frequently is pleaded as a defense in murder trials.

The Coal Commission

NEWSPAPERS not long since chronicled the president's appointment of the fact-finding commission which was, as far as the government is concerned, the only contribution to future stability in the coal industry developed by the recent strike. The commission has had less attention than it deserves, although the president exercised in its selection, one thinks after reading the names, not less independence and intelligence than he gave to the choice of his cabinet, with which the country was rather agreeably surprised when his administration was formed. Party and financial considerations seem to have been disregarded, and the coal commission is a body of intelligence, representative of the nation: John Hays Hammond, Thomas Marshall, former vice president, Judge Alschuler of Chicago, Clark Howell of the Atlanta Constitution, George Otis Smith of the Geological Survey, Dr. Edward Devine, professor of social economics, and Charles P. Neill, former U. S. labor commissioner and member of the anthracite strike commission of 1902—every man is a student and expert in public affairs, a man of dependable reputation. It is a commission to inspire respect and confidence, and one, we hope, that is not lacking in courage to go to the bottom of its difficult job and bring up a reasonable and workable program whereby the industry may be regulated.

Styles

FRANCE is alarmed by the discovery that her exports of dressmaking materials—such as laces and embroideries—are a half billion francs a year less than before the war. All around, French styles are losing ground. Parisian designers seem to have lost their famed knack of keeping a finger on the world's fashion pulse. It is part of the growing independence of women. Each year they are less inclined to accept whatever is dictated by style leaders, whether they like it or not.

Your luck may be bad, but in West Virginia a cop had to shoot a brother who was trying to free another brother.

Some men remind us of postage stamps. They must be licked before they will stick to a thing.

When a man with but a single idea gets where he is going he hasn't seen much on the trip.

The unhandy thing about a house burning down is it usually comes so unexpectedly.

What you hear never seems as important as what you overhear.

In Ye Olden Times

TEN YEARS AGO TODAY

H. Klopfenstein, who has been in charge of the United Cigar Store since it was established in this city two years ago, has resigned. Mr. Klopfenstein will return to his former home in Indiana. T. P. Bradtmiller, of Chicago, will succeed him here.

Miss Emily Imhoff, 1308 State street and John Ambrose, also of this city were married at St. Joseph's cathedral yesterday morning by Rev. Father Sluyter. Mr. Ambrose is employed on the Milwaukee road here.

Miss Mary Dvorak, 1602 Mississippi street, and John Lamb were married at St. Wenceslaus church yesterday morning by Rev. X. Till. Mr. Lamb is a well known sales manager here. Mr. and Mrs. Lamb will go on a wedding trip to Chicago and Kansas City after which they will reside in La Crosse.

Property south of the La Crosse county poor farm was purchased today by the United States government to be converted into a shooting range for Companies M and B of the National Guard. The land was purchased of Louis E. Panmel for \$2,000.

Mr. and Mrs. Weischnagel were surprised last evening by a party of friends in honor of their twentieth wedding anniversary. A double quartet of the Frohsinn society entertained as did Mr. M. Scheel with several selections.

TWENTY YEARS AGO TODAY

A pretty wedding was celebrated yesterday at the Patrick home, corner of Tenth and Jackson streets, when Miss Carrie Patrick and Gaylor Whipple, both of this city, were united in marriage. Rev. Goodsell performed the ceremony. The couple will live in St. Paul. Twelve hundred and fifty hunting licenses were issued in the county to date. This means a revenue to the state of \$250 as a thousand dollars covers the salary of the game warden.

Mr. and Mrs. Thomas Carter have moved to this city from Clinton, Iowa, and expect to make La Crosse their future home. Mr. Carter is a well known railroad man.

At a meeting Sunday afternoon at the Congregational church a Junior Christian Endeavor society was organized with forty members. Archie Lightbody was chosen superintendent.

A new breakwater will be put in at the foot of Pearl street just above the bridge. The present breakwater has been injured by the rafts which have been driven against it. The new breakwater will extend farther out into the river to turn rafts at low water under the bridge. Diver Hoffman has been engaged to conduct the work.

Mr. Joseph F. Krause died at his home, 726 South Sixteenth street this morning.

THIRTY YEARS AGO TODAY

Mrs. D. W. Marston and her mother, Mrs. Armstrong, left last night for Chattanooga, Tenn., where Mrs. Armstrong will spend the winter. Mrs. Marston will return in a few weeks.

Mr. Frank B. Lewis, representing the American Investment Company of Chicago, is in the city with a view to opening a branch office here.

The new Catholic home for orphan boys is ready for painting and steam heating apparatus is being put in.

August Losby, Paul Keim, John Michel, Ponkraz Rusche, George Johnson, Florian Moser, August Reckert, and Joseph Barbush have taken out first citizenship papers.

Rev. Mr. Todd, late of Phillips, has been appointed by the Presbyterian synod to be assistant to Rev. Dr. Thomas and has taken up his residence in this city at Fourteenth and State streets.

ROAD WORKER KILLED

ELY, Minn.—The torso of a man believed to be Jack Artman, road

construction crew employee, has been found by hunters south of here. The scattered remains of the man gave

rise to the opinion that he probably was blown to pieces by dynamite, authorities stated. A slip of paper in

his pocket bore the name of Jack Artman. Artman was employed by the Lake county road crew.

# Can you build a brick house without bricks?

If a man told you he was going to build a brick house without using any bricks, you'd think something was wrong with him, wouldn't you?

Well, then, what about the man or woman who plans to build a sturdy human body but neglects to eat the kind of food that builds that kind of body?

Many "refined" and denatured foods are lacking in the mineral elements which the body requires—especially for bones, nerves and teeth.

You do get the right mineral elements in Grape-Nuts—the delicious cereal food made from whole wheat flour and malted barley.

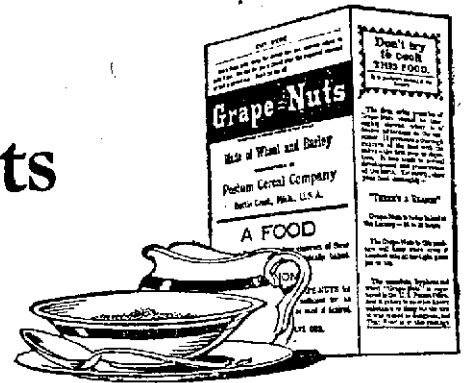

Every bit of the nutrition which Nature puts into the grains is retained in making Grape-Nuts. Lime phosphates, iron, magnesium, potassium—are all there. And then, too, there's that wonderful flavor and crispness that makes eating a joy.

Try Grape-Nuts with cream or milk for breakfast or lunch tomorrow, and see if you haven't been missing an unusually delicious and sustaining food. Sold wherever good food is sold or served.

"There's a Reason"

for Grape-Nuts

## HOUSTON MAN TAKEN TO ROCHESTER; BEAT WIFE IN LA CROSSE

Fred Steplough, Who Went Suddenly Insane Here, Taken to Minnesota Hospital

HOUSTON, Minn.—Fred Steplough, who was suddenly taken insane while on a shopping trip with his wife in La Crosse and suddenly attacked her in a La Crosse department store, has been removed from Grandview hospital, La Crosse, to Rochester for treatment.

Benjamin Lind died at his home south of here Friday evening after an illness of over a year of cancer of the stomach, aged forty-nine. Deceased leaves a wife and two sons to mourn his loss. Funeral will be held Tuesday afternoon at two o'clock from the Swedish Baptist church of which he had been a prominent and active member. Rev. Nelson of Virginia will officiate. Interment in the Swedish cemetery.

John H. Nash, father of Andrew Nash of 1234 Chicago, died at his home in La Crosse Saturday night. Funeral services will be held Wednesday. A congregation of about eight hundred people attended the V. P. S. service at Wilmington Sunday morning. Rev. Brown of Wilmar, a brother of Governor Brown, delivered the sermon and music was furnished by the choir of the same Lutheran church. There was a large delegation from here attended.

Dr. Karle Miller has resigned from the school board and J. L. Siler was appointed to fill the vacancy. And Joseph Anderson was elected as president.

Miss Anna Tolleson spent the week-end at her home on Hauze Ridge. Miss Ruby Arnold has returned from a visit at Osage, Iowa.

The Messes Lena and Marie Hansen and Oskar Moberstad, motored to La Crosse Sunday.

Rev. McKim of the Presbyterian church has purchased the Ingwald church house.

Miss Mildred Jorgenson was a week-end visitor at her home from her school work at Peterson.

Miss J. Johnson, Miss Valerda Johnson and Clarence Johnson motored to Wisconsin Sunday.

Miss Hazel (her spent Sunday at home from her school work at Sheldon. There will be a regular meeting of the O. E. S. held Thursday evening.

A regular meeting of Mystery Circle No. 25, P. and A. M. will be held Friday evening at the Lodge Room.

There will be two candidates for the third degree. A banquet will be served. All visiting Masons are invited. A delightful function was given Friday afternoon when Mrs. F. C. Shannon entertained in honor of the anniversary of her mother's birthday. Mrs. John Gerard, six block dinner was served to a large number of ladies and a delightful time enjoyed.

Miss Katherine Gallagher of La Crosse was the guest of her aunt, Mrs. James Healy last week.

Miss Mary Kelly and Allen Redding who are students at the state university motored here for a week-end visit at home.

William Gross of Ridgeway was the guest of friends Saturday.

Clarence Johnson and James Skiffington motored to La Crosse Sunday.

Miss Clara Kliffelson who had a successful operation performed at the La Crosse hospital is at home.

Miss Judith Elken of Rushford was the guest at the Hauze home over Sunday.

The Messes Stella Hauke, Mabel Volting, Verna Senstad, Burns Hoembs, Paul Iverson and Hans Hauke motored to La Crosse Sunday.

Mrs. Eugene Harris of La Crescent is the guest of Mrs. D. W. Robinson.

**RACINE LAWYER CHARGED WITH ABUSING PROFESSION**

RACINE, Wis.—The state board of bar examiners has started suit in circuit court against Frank J. Pawcett, an attorney of Milwaukee, in an effort to have his license revoked. It is charged that the defendant is guilty of misconduct in the practice of his profession. It being declared that while acting as counsel for the defendant in the case of Marjorie Bennett by Frank G. Bennett, her guardian ad litem against Jack Harding, alias Walter Laug, he obtained statements and affidavits from the plaintiff for the benefit of his own client.

Marcel's first invention was an indelible ink made from wild berries.

**Harmless Means of Reducing Fat**

Mary fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. You reduce steadily and easily, with no ill effects. Preserve them from your drug store at one dollar for a case or send price direct to the Marmola Company, 4812 Woodward Avenue, Detroit, Mich.

## FRAT ISSUE AGAIN TO FORE IN SENIOR ELECTION AT U. W.

Football Captain Heads Ticket Made up of Fraternity and Sorority Seniors

MADISON, Wis.—The old division between fraternity and non-fraternity groups has again crept into senior politics at the University of Wisconsin and has aligned factions in the fight for the senior presidency.

Rollie Williams, captain of the football team, is heading a ticket composed of fraternity and sorority seniors and has brought the fire of Wayne Morse, a varsity debater and

fraternity man who believes that politics should be divorced from Greek letter organizations. A third ticket in the field is headed by Leslie Gage, a fraternity man and varsity basketball player.

Morse claims that at the present time class officers are peddled to seniors through fraternity caucuses and he is urging that politics be placed in the open. Mass meetings are to be called to create interest in the contest to be decided November 3.

## INDIAN WOMAN'S DEATH BLAMED ON ALCOHOL POISON

RHINELANDER, Wis.—Alcoholic poisoning is said to have caused the death of Alice Maloney, 45, an Indian

woman, in the town of Sugar Camp, north of Rhinelander. The woman

had been on a prolonged debauch it

is said. Coroner Francis Hildebrand, who investigated the case, consid-

ed an inquest unnecessary.

## HEAD SEVERED FROM BODY BY RAILROAD TRAIN

Alma Man. Sick, Commits Suicide by Lying Down on Burlington Track

His head severed from his body, John Grob, aged about 50, was found dead beside the railroad tracks a block south of the Alma depot Monday.

A freight brakeman while about his duty of greasing the journal boxes after the train had stopped at the Alma station, shortly before 2 a. m., stumbled upon the body lying just outside the tracks. The head was found between the rails and underneath a freight car, some distance from the body.

The conductor and station agent were immediately notified and the train held until the coroner and sheriff were called.

After an investigation, Coroner Stehr pronounced it death by suicide. As the engineer of the train which was due at Alma at 3:20 a. m. declared that the man was not lying on the tracks, it is believed that he threw himself in front of the moving train. Death was probably instantaneous.

Grob, who was married and had four children, left the house about 1 o'clock in his stocking feet and very scantily dressed. He had returned on Saturday from Rochester, Minn., where he underwent a second operation within three months and was said to be suffering some pain. The thought that he would have to undergo another operation soon was believed to have affected his mind and prompted the act, Coroner Stehr said.

About 1:30 his wife missed him and, arousing a few neighbors, started a search. At the depot they were informed of his death. The children surviving range in age from 5 to 12. Mr. Grob was a retired farmer.

WASHINGTON.—The United States invited Central American governments to a conference December 4 for a discussion of measures for the well-being of Central America.

A wasp pollinates the wild or Carpet.

## CHANCE IS GIVEN TO MEET POET AT THE NORMAL

A rare opportunity will be given on Thursday afternoon at 4:15 for the young people and teachers in all schools to meet face to face one of America's most eminent poets. The matinee in the Normal auditorium at that hour will be pitched at the level of the boys' and girls' interests and they may expect to have a time of riotous enjoyment under the leadership of a master—the minstrel poet, Vachel Lindsay.

Everybody who knows about Mr. Lindsay thinks he is peculiar in some way, but just how? Here is a description that will help us to picture him. (Vachel rhymes with Rachel). "Vachel is ruddy, sandy-haired, middle-sized, with eyes the color of a green twilight and pale eyebrows surrounded by two remarkable bumps. According to my phrenology one of these bumps represents love of Springfield, Illinois, and the other love of a square meal with plenty of talk. He is always perfectly shaven, wears very neat machine-made clothes and black stock shoes. First he bows very low, with excessive politeness; then he throws his head back like a lion at bay, to show that no matter who you are, he is not afraid of you. When he is excited, he closes his eyelids and pushes his ecstatic phiz toward you. There is something delightfully elvish about him."

## Liver and Bowels Right—Always Feel Fine

There's one right way to speedily tone up the liver and keep the bowels regular.

Carter's Little Liver Pills never fail. Millions will testify that there is nothing so good for biliousness, indigestion, headache or sallow, pimply skin. Purely vegetable. Small Pill—Small Dose—Small Price.

## CRACK BAND AND YOUTHFUL LEADER HITS AT RIVOLI

"Little Sousa", Seven, Directs Musicians With Skill and Taste

A band that seems to have everything, playing a range of selections that go from jazz to the most difficult classics, is that of Thomas Sacco, now being featured at the Rivoli theater. They will remain at the Rivoli until Thursday, and are proving one of the most successful added attractions that has been here for months.

Not least remarkable in the organization is the work of the youthful conductor, Raymond Stuart Baird.

Men's, women's and children's Winter Underwear  
AT  
**PURGEON'S**

This seven-year-old lad has proven in his work here his right to the title of "Little Sousa." Himself an accomplished solo musician, playing a number himself on each program given by the band, the sunny youngster is also a band leader of skill and finish. And his work is obviously no mere waving of his baton in time to the music. He follows the score closely, and "picks up" the various sections of his band with unerring accuracy and astonishing taste for his years. Local musicians who have questioned him on technical musical affairs agree that he is well-informed and, at home in the higher reaches of musical science. The band will play, under "Little Sousa's" direction, a different program each evening of its stay.

Genuine

# ASPIRIN

SAY "BAYER" when you buy Aspirin

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for colds, headache, toothache, neuralgia, lumbago, rheumatism, neuritis, and for pain in general. Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monacaceticacidester of Salicylicacid.

## "KINDRED OF THE DUST" RIVOLI

Tomorrow will mark the beginning of "Kindred of the Dust" at the Rivoli theater.

Raoul A. Walsh, who has such cinema masterpieces as "The Oath" and "Serenade" to his credit, produced the picture from the novel by Peter R. Kyne, and has made it one of the most gripping productions ever seen on the screen at the Rivoli. Due to Mr. Walsh's widespread reputation and the popularity of the leading woman, Miriam Cooper, manager Koppelman is making preparations to handle big crowds throughout the run.

"Tensely gripping drama" characterizes "Kindred of the Dust," the action of which is laid in the storied northwest, where passions are unbridled and where immense achievements are the rule—not the exception.

Miss Cooper is supported by an excellent cast, among which are Ralph Graves, Lionel Belmore, Eugene Bessner, Maryland Mome, Bessie Walters, W. J. Ferguson, Carolyn Rankin, Pat Rooney, John Herdman and Bruce Guerin.

### CASINO TODAY

The greatest actors, dancers, artists and photographers are virtually at the command of the Swedish Biograph Company, producers of "The Stroke of Midnight," the Metro picture showing tonight at the Casino.

So great is the prestige of this producing organization that it is considered no less than an honor to be asked to participate in any of its productions. An invitation to play a role in one of its pictures is rarely refused.

Each of the four principal parts in "The Stroke of Midnight" is played by an artist of great skill and acknowledged fame.

Dr. Selma Lagerlof, internationally famous novelist and first of her sex to win the Nobel peace prize, is the author of the novel on which "The Stroke of Midnight" is based.

### RIVIERA TODAY

It is the firm conviction of the men who wear the heavy armor used in the ghost scenes of Walter Hiers' latest Paramount picture, "The Ghost Breaker," that those who wore like suits in the days of chivalry, either were hardened men or fond of physical discomfort.

The picture, stars Wallace Reid supported by Lila Lee and Walter Hiers. The ghosts which the star has to "break" are a lot of Spanish miscreants who are haunting an old castle in order to frighten away a young Marchesa. They appear from all corners, step down off their pedestals and wage a battle against the young servant, Walter Hiers, playing a blackface role.

Walter, wielding an enormous rap-

por—he is a southerner and has "em used"—battles with the mail-clad figures and the ensemble presents a novel effect most spirited. It will be the feature at the Riviera today. Comedy and drama are happily blended.

### STRAND TODAY

Tom Moore as Teddy North the dude rancher in "The Cowboy and the Lady," in which Mary Miles Minter and he play the leading roles, has some difficult tussles with cupid before he attains the prize according to information concerning the picture, which will be shown at the Strand Theater tonight.

Meeting Jessica Weston, with whom he is immediately impressed, North goes out and proclaims to his cattle:

"I'm in love, gentlemen—madly, desperately in love—with the most wonderful girl in the world."

Mary Miles Minter is, of course, the delightful heroine of this Clyde Fitch play which Julia Josephson has adapted for the screen.

### LEATRICE JOY—MAJESTIC

"A Tale of Two Worlds," which is being shown at the Majestic Theater this week, reveals much for the photoplay goer to be thankful for. In the first place, it has a story, a really gripping story of love and intrigue, in which a young American is given

the opportunity of his life to exercise his intelligence and his physical courage. The spur for all his efforts is an American girl who has been brought to San Francisco's Chinatown after her parents were killed in the Boxer uprising of 1899. This exciting tale is by Gouverneur Morris.

A second point of satisfaction is the acting of beautiful Leatrice Joy as the American girl.

One of the scenic features of the picture is the faithful reproduction of a Chinese street in San Francisco. It is real enough for natives to recognize the shops. All in all, this picture not only tells a good story in a splendid manner, but also reveals a page of history beautifully and dramatically.

### RIVIERA WEDNESDAY AND THURSDAY

Equal to transporting a small town from one place to another was the beginning of principal players, extras, technical staff, laborers and equipment from the Lasky studio to the Lasky ranch for scenes in the James town street for the George Fitzgibbon production for Paramount, "To Have and To Hold," in which Bertie Campbell and Bert Lytell are featured, with Theodore Kosloff in the heavy role.

Ten real Indians, to appear as members of the Powhatan tribe, ingled with some 150 white men, made up to represent Redskins. Up-

ward of a 100 women and as many men to represent colonists, numerous children, dogs and horses, composed a small army of extra people and livestock.

The role of Jocelyn is played by Miss Campbell, and Mr. Lytell is Captain Ralph Perry, a brave and resourceful young soldier. The picture comes to the Riviera Theater Wednesday for 2 days.

### LA FOLLETTE PLANS SPEAKING TOUR IN NEIGHBOR STATES

MADISON, Wis.—Senator La Follette will have little time to campaign in Wisconsin for his own re-election November 7, as a result of calls from Minnesota and North Dakota for his services in aiding the election of other progressive republicans. His own election is believed by him to be assured.

The senior senator is going to Minnesota this week to speak in the interests of Henry Shipstead, candidate for the U. S. senate, and then will go to North Dakota to speak for Lynn Frazier.

There are at the present time over twenty-one thousand varieties of postage stamps in circulation throughout the world.

### MARQUIS CURZON TO BE ELEVATED TO RANK OF DUKE

LONDON.—By The Associated Press.—The issuance of Mr. Lloyd George's honor list, which is expected Wednesday or Thursday, is awaited with great interest.

It is persistently rumored that Marquis Curzon of Kedleston, who was foreign minister in Lloyd George's cabinet, is to be made a duke. This would be a most remarkable incident, as the dukedom is the highest rank in the British peerage, next only to

the royal princes, and is an honor rarely conferred. The last duke created was Westminster, in 1874. The marquis, who was born George

Nathaniel Curzon, was made a marquis in 1898, became an earl in 1911 and received his present rank in 1914. He is 63 years old.

# McGAVICK DEDICATES HOSPITAL CHAPEL IN EAU CLAIRE TODAY

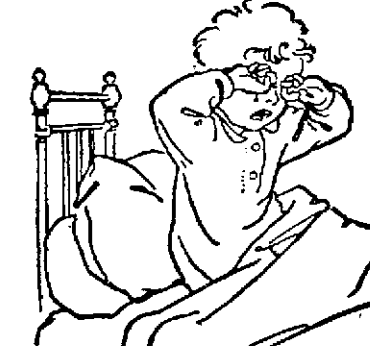

**La Crosse Bishop Makes First Visit to Northern Part of Diocese; Confirm Classes**  
EAU CLAIRE, Wis.—Dedication of the new chapel recently added to the Sacred Heart hospital here by the Franciscan Sisters took place this morning. Bishop McGavick, of La Crosse, dedicated the new addition while Father A. R. C. Dunne of St. Patrick's church of this city delivered the dedicatory address. A guest of honor at the ceremonies was Mrs. D. M. Dulaney, wife of a local millionaire lumberman who donated the sisters a big pipe organ for the chapel in appreciation of the treatment received from the sisters by his wife when she was ill. This was Bishop McGavick's first visit to Eau Claire since he took charge of the La Crosse diocese, succeeding the late Bishop Schwabach. He will confirm several classes in church here and in the vicinity.

# COMMUNITY FAIR AND MEETING HELD AT STEVENSTOWN

The Horticultural society of Union Mills held a meeting at the Stevenstown hall on Saturday night, October 21. Musical numbers were rendered and a vocal solo was given by Miss O'Brien, which was received with much favor, and the responding with her. An instructive talk given by County Agent W. L. Spreiter closed the program. Refreshments were served, and a social time enjoyed by all. Community Fair  
The community fair of Union Mills school was held at the Stevenstown hall Saturday, October 21, and was largely attended and enjoyed by all present. An unusually large display of farm products, including, baking, sewing and fancy work was contributed by the school children and adults which was judged by Mrs. Val Koppel and County Agent W. L. Spreiter.

# MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

**This is the Stove Polish YOU Should Use**  
It's different from others because more care is taken in the making and the materials used are of higher grade.  
**Black Silk Stove Polish**  
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers. # CARS ARE RUSHED TO CABBAGE DISTRICTS TO HANDLE THE CROP

MADISON, Wis.—All available stock and box cars have been furnished cabbage growers of the Racine and Kenosha county districts, the railroad commission was advised by the Chicago, Milwaukee and St. Paul Railway company. Demands of stock growers for cars and cold weather affecting grazing of stock have forced the railroads to withdraw many of their cars to the western cut districts, the company said. H. R. Trimbower, member of the railroad commission, said that the commission was doing all in its power to aid stock shippers and potato and cabbage growers in obtaining cars to send their products to market. A critical car situation exists throughout the state, he said, with the railroad commission powerless to place cars at the disposal of those who need them.

SEATTLE, Wash.—Friends said that Thomas Dolan, who hanged himself last Wednesday was a member of the "Stanley expedition to Africa in 1870 to find Livingstone.

# JURY FINDS MOEN GUILTY; BRINDLEY LEVIES A \$20 FINE

**Court and Jury Learn How to Drink "Canned Heat" from Swanson's Testimony**  
Moen, cook and bartender for Anton Moen, Front and Pearl street, charged with exchanging a drink of moonshine for a hammer, stolen from the Iron Products company by Charles Swanson, was found guilty Monday afternoon by a jury in county court. The jury, however, recommended that the court show leniency in the case. Judge Brindley fined Moen \$20 and costs. This trial cleared up the case pending in county court that was the direct result of one awful thirst developed by one Charles Swanson last July. In order to quench that thirst Swanson broke into the office and plant of the Iron Products company, stole a typewriter and some tools and then started out along Pearl street to exchange the loot for liquor. Shisler's saloon, Pearl and Third streets, Shisler was arrested but contended that he never saw the typewriter before until he found it in the washroom of the place. He denied giving Swanson liquor for it. Shisler was given a jury trial in county court Monday morning and was acquitted. Detective Fitzsimmons recovered the hammer in Jacobson's place. Moen said that he had chased Swanson out of the place when he tried to get a drink there and later found the hammer back of the stove. While Swanson was in Jacobson's he drank a can of the "canned heat." He emptied the jelly like contents of the can into his handkerchief squeezed the liquid through the handkerchief into a bottle and then drank deeply of the reclaimed alcohol. Swanson still is in the county jail where he is serving a sentence for breaking into the Iron Products company's plant.

# Kellogg's Bran is guaranteed to relieve severe constipation!

Nature permanently relieves constipation through the eating of BRAN—Kellogg's Bran, cooked and krumpled. We guarantee that if any suffer from constipation will eat Kellogg's Bran regularly, that this dangerous condition will be eliminated. Men, women and children should know the dangers of constipation; they should know that constipation can be blamed for 90% of all illness; that it is directly the cause of Bright's disease, of diabetes, most cases of hardening of the arteries, etc. Constipation slows up mental and physical energy. It throbs earning power, it destroys men and women when they should be in their prime; it stunts children! Throw constipation out of the system of every member of your family by eating Kellogg's Bran! Physicians endorse the use of Kellogg's Bran for constipation because it relieves the trouble through the food you eat, because it sweeps, cleans and purifies without irritation or discomfort in a natural way! Eat Bran regularly—at least two tablespoonfuls daily; in chronic cases with every meal—and relief will be permanent! And besides, the wonderful food elements of Bran will stimulate the brain and nerve cells, put the bloom of health into faded cheeks, and snap into steps. Bran makes children grow strong and robust. Kellogg's Bran, cooked and krumpled, is delicious as a cereal or sprinkled over other hot or cold cereals; it makes the tastiest gruels, pancakes, raisin bread and countless other good things you ever ate. Buy Kellogg's Bran at all grocery stores! You can't afford to lose any time!

# KEELER'S SQUAD THROUGH SNAPPY SIGNAL PRACTICE

Start Hard Week's Work in Preparation for Chicago Y. M. C. A. College

Coach Keeler's warriors went through a snappy signal practice Monday night as a starter for a hard week's work in preparation for one of the hardest games that the team will see this year, that with the Chicago Y. M. C. A. college. As the team now La Crosse will run up against a team on par with any "Big Ten" team. Y. M. C. A. was defeated by Butler 13 to 0. Butler in turn defeated Illinois 10 to 7.

In spite of this, Coach Keeler's team is determined to do its best, which means something in the way of lots of sweat. With this week's work, and if none of the stars are hurt, the team will fix it so that next Saturday's game will not be a track meet for the Y. M. C. A.

The men came out of Saturday's game with nothing more than minor injuries, which are being well taken care of by Trainer Loughran, who is always on the job.

Cy Eittinger's hand has healed and he will be working hard this week to make up for lost time. Posocover was in a suit Saturday and he will be out this week to work for his old position at guard. Kevin, who has been sick the last two weeks, was in a suit Monday night.

"Red" Reynolds, a former star at La Crosse a few years ago, has returned to school, and went through a light workout with the team Monday night. "Red" is a brother to the Reynolds now playing regular half with the normal and still seems to have the old pep of former days.

## MATHEWS TAKE 3 POSTPONED GAMES FROM TRI-STATE

Offie Miller last Friday night tied George Horn for the high 3-game score at the Arcade alleys. Miller rolled 214, 208 and 254 for a total of 676, that being also held by George Horn.

The Mathews manufacturing company won the three games of the postponed series, with the Tri-State Ice Cream's at the Arcade alleys Monday night. The Mathews turned two scores of 806 and an 876 to win three.

TRI-STATE ICE CREAM

Mathews	806	876	1682
Ice Cream	121	122	243
Johnson	121	122	243
Tracy	121	122	243
Wright	121	122	243
Totals	806	876	1682

# COACH KEOGAN'S WARRIORS PREPARE FOR EAU CLAIRE BATTLE HERE ON FRIDAY

MADISON, Wis.—Leslie Wallace, Eau Claire, halfback on the freshman team at the University of Wisconsin, suffered a compound fracture of the right leg Monday afternoon during a practice scrimmage.

With three victories chalked up to them the La Crosse high school is now preparing to plunge into the hardest part of the football schedule. Vital interest is centered around the coming contest with Eau Claire, which throughout past years has been a dangerous rival for the state champion ship honors. Eau Claire this year presents perhaps the strongest team it has produced in a number of years, and it may be remembered that Eau Claire last year held La Crosse scoreless for three full weeks of the game, which was finally won by the legions via the forward pass route during the last forty seconds of play.

Every game played with Eau Claire in the last five years has been by narrow margins, and they come here

next Friday afternoon with a grim determination to wipe out all past grievances. Dope has it that the up-staters possess a very heavy team, and since the arrival of a new coach from Indiana university they have been taught an entirely new system of play which La Crosse may have difficulty to solve.

A great number of gridiron stars of Big Ten college have been produced by the northern high school. Among those of particular note are: Al Tanneberg, the all-western fullback of the Wisconsin all-conference end; Cub Back, the well known all-American tackle, and several others. Wallace, the brilliant star for Eau Claire last season was one of the best specimens of a high school football player ever seen.

This is the proposition Coach Keogan's eleven is up against this year. The outcome of this event goes far to portray the chances of La Crosse during the rest of the season. The local warriors are all in the best of condition to meet whatever the visitors have. Twenty-five men are practicing daily and every one ready to get into the light. Liscovee and Dunham, after five weeks rest, will be again in the regular lineup Friday afternoon.

The game will be called promptly at 2:30 P. M. at Normal field. An immense crowd is expected to witness this game.

## ALUMNI URGED NOT TO CARRY BOTTLE ON HIP FOR HOMECOMING

Greek Letter Groups Plan to Do Away With "Parties" After Game

MADISON, Wis.—A dry homecoming is urged on the Wisconsin alumni as they prepare to return November 11 for their annual gathering and the traditional clash between Wisconsin and Illinois on the gridiron.

Fraternities are all sending out letters to their old men asking them to refrain from bringing liquor with them when they return to their old haunts. The groups are likewise planning to keep drinking to the minimum on the occasion, which has in the past been marked by a decided weakness.

The move to separate drink from homecoming was started by the general committee in charge of arrangements for the occasion, when it sent individual letters to thousands of alumni asking that they leave booze at home. "Drinking is a blow at Wisconsin spirit," the letter said.

Greek letter groups plan to do away with the parties that formerly have followed the homecoming game, and which have often been featured by ample supplies of intoxicants.

No Flirting in Corea  
Flirting is unknown among Corea girls. Indeed, an unmarried girl in Corea is so disgraced by even speaking to a male not of her own family that she often kills herself rather than endure shame.

New Guinea, the largest island in the world, has an area equal to that of France and the British Isles combined.

## CARPENTIER ISSUES FORMAL CHALLENGE TO BATTLING SIKI

Frenchman Wants Return Battle With the Senegalese Champion

PARIS.—By The Associated Press.—Georges Carpentier has issued a formal challenge to Battling Siki for a return bout, the month's interim provided by the French boxing federation rules having elapsed since the Senegalese captured the heavyweight championship of Europe by his sensational knockout of Carpentier in the sixth round of their meeting here.

Carpentier's manager, Carpentier's manager, is now awaiting a reply from Siki's manager, but in any case it is improbable a match will be arranged for some time.

Bulgaria has nearly 15,000 acres of rose gardens, which last year yielded about 30,000 ounces of pure rose oil.

# AMERICAN SCHOONER DEFEATS BLUE NOSE IN OFFICIAL RACE

Vessel Wins Despite Fact that Two Mutineers Remain on Dock

GLOUCESTER, Mass.—By Associated Press.—The Gloucester schooner Henry Ford Tuesday definitely withdrew from the racing for the international fishing schooner championship of the North Atlantic. Captain Morrissey, asserting that his boat and his men had already won the two races from the Canadian champion "Blue Nose," necessary for the possession of the title trophy, put iron ballast aboard preparatory to going fishing.

About his boat Tuesday supervising the work of converting her again from a racing schooner to a working vessel, Captain Morrissey of the Ford said he was sick, but "sick mostly of committees and yachting rules and this and that and the other thing which spoiled the sport that we set out on."

GLOUCESTER, Mass.—The Henry Ford, American schooner, Monday defeated the Blue Nose, Canadian champion, in the first official race of this year's contest for international honors among the Atlantic fishing vessels.

Blue Nose was beaten by only 2 1/2 minutes in forty miles. The official times were: Henry Ford, 5:01:34; Blue Nose, 5:04:00.

But this victory, after two days of

disturbance over the action of the international race committee in refusing to count the Henry Ford's first success on Saturday, was doubly sweet.

Two Mutineers  
As the performance of a vessel, the sails of which had been twice cut down to meet conflicting official rulings, and of men who, from the abandon, of numerous despair rose to the stuff for which the port of Gloucester is famous, taking out a vessel with mainsail still uncut to make a quick shift to meet the international champion, is set a standard of high achievement. Only twenty-eight of the thirty men of the Ford sailed with her, two mutineers remaining on the dock.

Capt. Clayton Morrissey, who led the school of the Henry Ford, shifted sails, smelted out wind, and shifted with Capt. Angus Walters of the Blue Nose, gaining the honors on every point.

## SPORT BRIEFS

CHICAGO, Ill.—Checks totaling \$37,096.46 as their award in finishing in second place in their respective leagues, were sent to the Cincinnati and St. Louis American league baseball clubs.

CLEVELAND, O.—President Ruppard of the Cleveland Americans announced that Speaker would manage the Indians again next season.

LOS ANGELES.—The University of California agreed to sign a contract for two football games with Iowa.

# What Bubbles Do

## A new Shaving discovery

Here is one thing we learned about shaving cream in our scientific tests.

The bubbles must be strong, enduring—must not break. They support the hairs for cutting. Without them, hairs lie down.

That's a new discovery. Heretofore men never thought about that shaving cream requirement.

Four other needs

There are four other essentials, and we've met them all in Palmolive Shaving Cream.

It multiplies itself in lather 250 times.

It softens the beard in one minute. No waiting, no hot towels, no finger rubbing.

It maintains its creamy fullness for ten minutes on the face.

It acts as a soothing lotion, due to palm and olive oils.

Be fair to it

Now we ask you in all fairness to give this shaving cream a test. We have spent 60 years in soap study. One of our creations—Palmolive—is the leading toilet soap of the world.

We made up and tested 130 formulas to give you a shaving cream better than you know. Prove it out, in justice to yourself and us. Cut out the coupon now.

**ST. PAUL CRITIC  
LAVISH IN PRAISE  
OF SHUBERT SHOW**

OF SAUBERT SHOW

**Vaudeville Attraction Here on  
Wednesday Hailed as Best  
of them so Far**

"The Midnight Rounders," Shubert unit vaudeville show which will play at the La Crosse theater Wednesday matinee and night, is regarded in the places it has visited as no less enjoyable than the similar show which played La Crosse two weeks ago. In the St. Paul Pioneer Press of Wilbur Judd, dramatic critic, wrote:

At last we have a Shubert unit show that is not strung out to inordinate lengths. "The Midnight Rounders," as this week's Palace exhibit is called, is clean, crisp, snappy and action-packed. It is well designed and leaves on

wishing for more, which is as all entertainment programs of whatever nature should be. The program featured a variety of musical and five vaudeville acts, including an elaborate ballet, lasts less than an hour and a half, whole show consumed less than two hours and a half. The New York World-Tribune Garden parade in which Eddie Cantor figured somewhat condensed but still spectacular, and of the highest evidenced throughout the cast and review of the individual performers. Most performe sound and new goes: There is Frank J. Corbett, with a really fine and inspiring singing voice; Jack Green, a peppy mad; and a very good, especially stuttering one; Lola Chalfente, who gained fame and honor in the trenches of France, with an attractive singing voice.

The second section of the show consists of two scenes each containing content, not one of them dull and sootier than their most compelling, and two

three—thus "The Sphinx Vision Girl," class is "Symphony in Dress," and the finale which all displayed some radio costumes of an old Russian type that glowed luminous in the dark. A rural idyll entitled "Back to the Farm," is both beautiful.

The chorus is the most intelligent and animated yet seen at the Palace. Some of the drops and drapes used in the settings between transformations are in the highest class of artistry. In fact it is one of the very best of units thus far shown St. Paul.

WILBUR V. JUD

# U. S. THE GREATEST AUTOMOBILE RIDING NATION IN WORLD

**Owens 83 Percent of Motor Vehicles; Wisconsin Has Six Times as Many as Germany**

MADISON, Wis. — The United States owns and operates 83 per cent of all the motor vehicles in the world. England is second, Germany had 60,000 last February, which is less than one-sixth the number operated in Wisconsin alone.

In fact, the only countries of the world that have as many or more motor vehicles than Wisconsin are Canada and England and Ireland together. Norway had 15,000 motor vehicles last March; Sweden, 14,250; Japan, 12,260; Switzerland, 17,000 and Belgium, 18,500. France had 236,000 mo-

tor vehicles last February which is far less than the number owned here in Wisconsin. Canada, Mexico and Australia are the leading customers for American auto and truck factories.

CHICAGO Ill.—Announcement was made of the retirement November 1, of F. A. Torrey, general superintendent of motive power of the Chicago, Burlington and Quincy railroad.

BRAINERD, Minn.—A giant magnet was used to remove a 22-caliber bullet from the eye of a boy. The cartridge exploded when the boy pounded it with a rock.

## HIRST WILL GIVE TALK AT NOON FEED WEDNESDAY

The members of the Chamber will be fortunate in hearing State Highway Commissioner, A. R. Hirst, at the noon luncheon tomorrow, who will tell some of the plans that the Commission has under way for more highways in the state. It has been a long time since the Highway Commissioner spoke in La Crosse and indications are that the

dining room of the Chamber will be taxed to capacity. "Preparations are being made for a large attendance," said President Felber.

The Topeka State Journal prints a weekly serial from the Bible.

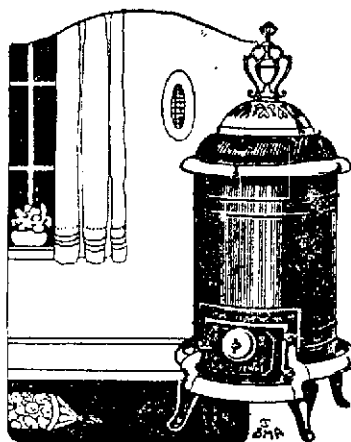

## Mother knows Resinol will heal it

She has been through it so many times before that she never hesitates now. When anyone in the family comes to her with a spot of eczema or an itching rash, she gets out the jar of Resinol Ointment and gives prompt relief. And a few applications seldom fail to clear away the irritation completely.

Resinol Ointment is an excellent healing dressing, too, for burns, scalds, cuts and sunburn little sores. Sold by all druggists, for sample free, write to Dept. 41-K, Resinol, Baltimore, Md. Use Resinol Soap for baths.

# What Standard Oil Company (Indiana) Distri- bution Means to the Home

JAMES J. STARROW, fuel administrator of Massachusetts, says, "Don't burn a pound of coal in October. Cook and heat water for your household with a kerosene stove. It will save you money. It will perhaps keep you out of the coal line next winter. Cooking by kerosene is cheaper than coal. Kerosene can be bought anywhere."

"Kerosene can be bought anywhere."

This statement is particularly true throughout the Middle Western states served by the Standard Oil Company (Indiana), whose distribution service is 100% complete. Kerosene is delivered to the home, whether on a distant farm, in a small town, or in a big city.

Imagination and foresight were required to anticipate the demand for petroleum products which exists today. Permanency in organization, efficient management and close attention to the minutest detail has resulted in establishing within this Company a spirit of service which is expressed in the far-flung system of distribution and delivery which makes every user of petroleum products in the 10 Middle Western States feel certain that his needs will be instantly supplied.

The Standard Oil Company (Indiana) distributing system represents an investment of over \$45,000,000. It includes 25 main stations where complete stocks of products are kept on hand, 3973 bulk stations, 1605 service stations and 7167 tank wagons. It has grown to meet the needs of the present and to anticipate the needs of the future. It is highly flexible and capable at all times of meeting emergencies, such as a coal shortage, in any section of the territory served. This service is available at every home.

To meet the needs of the public it serves is the ideal which the Standard Oil Company (Indiana) has before it at all times. It is alert to foresee a possible need for its products, and when the demand comes it is prepared to supply it; for example, the possible coal shortage has resulted in an unusual demand for a burning oil for use in home-heating plants, and the Company was ready with Stanolind Furnace Oil, which it had developed for this particular service.

Stanolind Furnace oil is equal to kerosene in heating value and sells at a lower price. This is another benefit accruing to the public at large, through an efficiently managed big business.
